Mission Statement:
For students to have a home base and genuine community on their journey.

Update

This year the Office of Church Relations decided to create a semester newsletter to keep you updated with TCU’s Disciples on Campus program. Be on the look out next Jan/Feb for a larger year-in -review booklet!

A Message from Our Campus Minister:
As I take a few minutes to look back on the Spring 2018 semester, one thing I realize is how often I am asked, “What does the ‘C’ in TCU stand for?” My response is this: The “C” in TCU stands for each and every Disciples student who knows they are part of something much larger than themselves, who believe they have something to offer, who have a faith in Jesus Christ that demands both devotion and action, and who little by little are finding their bold and beautiful voice in this world. The ‘C’ stands for the community they have created here defined by compassion, inclusion, acceptance, and grace. The ‘C” stands for the future of our church that is alive and well in each Disciples student. Lastly that ‘C” also stands for challenge. May we challenge ourselves to look and listen as these students give life and breathe to the “C” in new and wonderful ways. I cannot wait to see what next Fall will bring. And then tell you about it!

Thank you Leadership

The CYF Day tradition at TCU returned and this year was even larger than before. We hosted over 130 youth and their sponsors for a day. They went on tours, spoke with admissions, and, most importantly, met and built relationships with students. We are excited to see how this event continues to grow in the future (and maybe get some future Horned Frogs, too)!

Every Monday night, Disciples on Campus hosts a CommUnity worship service where we hear messages from both members of our TCU community and from ministers across the area. It’s a wonderful way to not only build relationships with churches but also for students to learn and grow from local ministers and from one another.

Last fall, DOC student Mason Wagner ‘18 wrote a compelling paper on Vada Felder, Brite/TCU’s first African American graduate. This semester, Disciples on Campus partnered up with TCU’s Comparative Race and Ethnic Studies and the Women and Gender Studies programs to host a dinner to honor Vada’s life and legacy so that HERstory would not be forgotten.

We had the opportunity to spend a weekend with Refugee Services of Texas and the International Newcomer Academy through Ridglea Christian Church’s Connect Fort Worth Program. Students were able to do some volunteer work along with developing new relationships with our Refugee brothers and sisters.
