

# Higher Education & Leadership Ministries

of the Christian Church (Disciples of Christ)

## *In Their Words - Hayden Skaggs*

My time going to a Disciples of Christ affiliated has helped me meet many new people who are similarly oriented in their faith and allowed me to continue in my own faith journey in a new place. Having been a Disciple my entire life, it was wonderful to come to Eureka College where I met other Disciples students, through Disciples on Campus, who I have been able to graciously call my friends and be a part of organizing events with. Along with the opportunity that have come from Disciples on Campus, I am employed by the local DoC church, Eureka

Christian Church, whose minister reached out to welcome me to the community before I had even moved into my dorm. The church has frequently given me the chance to engage in its ministry by preaching and leading the church's youth group as I also continue to be a part of ongoing ministries on campus. The many faculty of Eureka have allowed me to not only grow spiritually but to also grow as a person and leader. I am so thankful for Eureka College and the ability to connect with fellow Disciples and continue my journey in faith through my years here. Thank you to those who care for the Thanksgiving offering so generously, this helps make Eureka and other DoC schools such great places to continue to grow as Disciples.
